

# Reference Sires - Collins

A beautiful dark brown jumping stallion Collins was born in 1995 in Germany and imported as a three year old in 1998 by the Stud. In April 2000 Collins began his jumping career in Australia. During his inaugural year, and at the age of five years, he firmly made his mark on the local show-jumping scene jumping and winning classes at 1.35m. He campaigned successfully in the Eastern States of Australia in the latter part of 2001 winning many futurities and mini Grand Prix's.

Collins

Collins is by the Holsteiner stallion Calando I (by Cor de la Bryère) out of a Caletto I mare (by Cor de la Bryère) giving him a double cross with the famous Holsteiner foundation sire. He is typical of the new type of sport horse currently favoured. He is a well-balanced stallion of 16.3 hands with generous strides and a natural elastic movement. He has a lovely head carried on a beautiful neck, producing elegance, lightness and self-carriage.

Collins has a willing temperament, with good character and an eagerness to please. He is an athletic and expressive riding horse and has enormous ability. Collins oldest foals are now rising six and he has strongly stamped them with his scope and careful technique.
